## YOUR STUDENT BILL

Your student invoice for the fall semester will be available in "E-Bill" form in early July. Look for an E-Bill notice, which will be sent to your College email address. You can also access your account online at bannerweb.strose.edu.

Your student billing is a reflection of your current registration, housing and financial aid status. Since all of these factors are subject to change, your student billing may change as well.

- **Student Schedule** Freshmen students should note that the schedule listed on the first student invoice is tentative, and may change once placement testing has been completed during orientation.
- 2 Semester Charges Your semester charges will be itemized, and are based on your current registration and housing status.
- **3** Semester Credits Payments received to date will be listed, including your tuition or tuition/room deposit.
- Account Balance This is your current account balance, prior to any pending financial aid, loans, outside-funded scholarships or scheduled payments.
- Memos and Authorizations This is a listing of pending loans, scholarships, monthly payments or other financial aid that we expect to receive on your behalf (please note that pending alternative loans will not be listed).
- 6 Amount Due This is the amount that you will need to pay by the payment due date.
