Go to dashboard then pending assessments

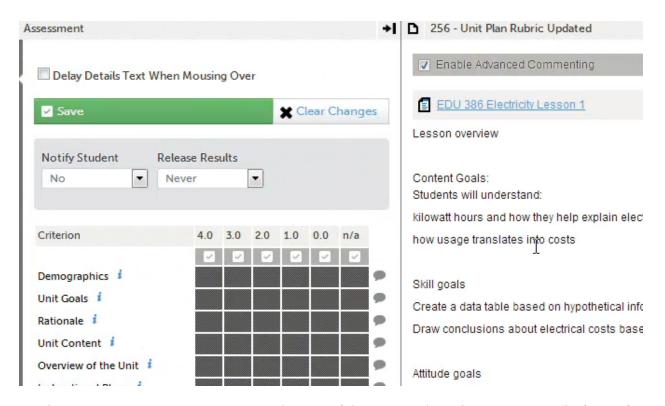

Actions then assess

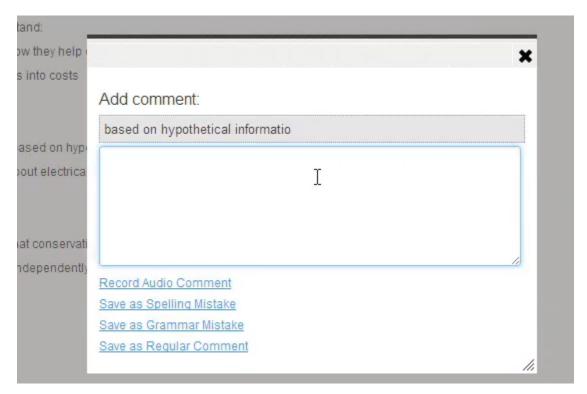

Table of Contents

Click on **Lesson one** (which ever part you are assessing) then click back to **assessment** for the rubric to pop up with the content on the right

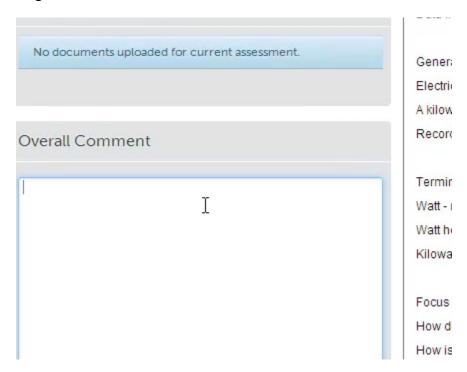

To give comments on content **highlight** the part of the content then give a comment (in form of written or oral)

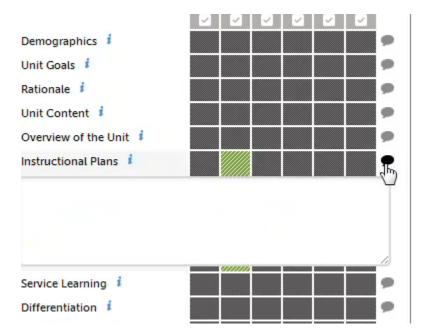

Your comment will appear at the bottom and the section you commented on will remain highlighted

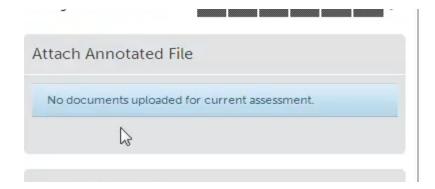

Or give overall comment

Score on rubric and can give criterion comment

If student uploaded it as an attachment, download the attachment, do comments in the word document, save it then **attach annotated file**

Click save when all done

Go to **pending assessment** to get to another student work
