

## Suggested Schedule for English: Adolescence Education Majors

Note: The requirements for our major involve student choice, so many of these suggestions are flexible, except for the following prerequisites: ENG 112 must be successfully completed before ENG 330 which in turn must be successfully completed before ENG 497 and 498; also ENG 105 must be successfully completed before ENG 246 or 247 which must be successfully completed before registering for a 300-level writing course.

*Please remember to check the total number of credits a student is accumulating toward the total needed for graduation (122). It is possible for a student to fulfill all of the major and liberal education requirements without achieving the necessary number of credits.*

<b>Semester 7 (or Semester 8)</b>	<b>Semester 8 (or Semester 7)</b>
SEC 470 10	ENG 498 and 497 4
SEC 498 3	ENG 300-level literature or writing (depending on Semester 6) 4
<b>13 credits</b>	General elective 4
	General elective 3
	<b>15 credits</b>

**\*\*Note:** For the further disciplinary study, a second Math or Science (has to be the same science Bio/Bio or Chem/Chem etc. to meet the further disciplinary) would be good options – especially if the student wishes to seek special education certification later on – they will need 2 math and 2 lab science. Taking them now will allow them to meet those requirements now instead of have to take them along with graduate work later on. Statistics does not fulfill the Liberal education requirement or the further disciplinary requirement for Math.
